Written by
Sandamini Karunarathna

One day, Dodo was eating
carrots in the farm.

Have your meals on time

Dodo saw a kite flying in
the sky.

Dodo wanted a kite for himself.

Dodo requested quills
from porcupine.

Ask for help if you need something

Dodo requested the weaver bird to bind the quills together.

Dodo requested for a
banana leaf from the
banana tree to cover
the kite.

Dodo requested the
rainbow to recolor his
banana leaf.

Dodo requested gum from
pine tree to paste the kite.

Dodo pasted the banana leaf on the kite made by weaver bird.

Now Dodo has a beautiful
kite.

Then, Dodo thanked all his friends for supporting him to make his beautiful kite.

Say "Thank you" when others help you.

Dodo jumped up to fly the
kite.

Just then, a strong wind
came along, and Dodo
floated in the sky along
with his kite.

Dodo's kite flew to the
moon along with Dodo.

Since then, Dodo lived on
the moon happily.

No matter where you are, stay happy.

That's why we can see a
rabbit on the moon.
